25 Before further action is taken it has to be considered whether the increase of 4 more Provisionary Inspectors sanctioned in G.O. no 71474-5 SR 128-10-6 dy 20-9-1911 does not affect the present proposal. In the case of the additional Inspectors also the increase of house allowance may be asked for shortly. Similarly though it has been ordered that the necessary clerical staff for these additional officers has to be spared from the existing establt it is very likely that the Sub Inspectors who are detailed for office work with these officers may will be recommended for an increase of pay as in the present case. It is therefore a point for orders as to whether the Excise conv matter has to be left to the Excise conv for taking action in due course if necessary or whether the Proposition Statement has to be returned to them for revision in the light of the addition recently made to the no. of Provl Inspectors.

The alteration in the proposition is not explained by the Excise Commissioner, but is apparently intended to make the number of Sub-Inspectors correspond with the number (as now revised) of Probationary Inspectors under whom they have to work. The financial effect of the proposition as now modified will be a permanent addition of Rs.123½ per mensem or Rs.1482 per annum to the recurring expenditure. These papers relate to the proposals of the Excise Commissioner to increase -

(1) the horse allowance of ten Probationary Inspectors, from Rs.10 to Rs.20 per mensem;

and (2) the pay of the ten Sub-Inspectors posted for work in the Probationary Range offices from Rs.12 to a progressive pay of Rs.12-1-15.

2. The grounds upon which these increases have been proposed are given in the Excise Commissioner Mr. Sparkes' letter No.899 dated 24th July 1909. It is stated that, as between the two grades of officers, there is no difference in the work turned out or the responsibility entailed. These proposals have been fully discussed in the notes.

Excise Commissioner's Office,

No. 899 Dated, Bangalore, 24th July 1909. 806

From

H. H. Sparkes, Esquire,

Excise Commissioner

in Mysore.

To

K. S. Chandrasekhara Aiyar, Esq., B.A., B.L.,

Secretary to the Government of His Highness the

Maharaja of Mysore, General and Revenue Depts.

Sir,

Adverting to proposals Nos.9 and 10 referred to in my letter No.11507, dated the 28th June 1909, I have the honor to state that in Government Order No. Fl.2536-46/S.R.25-05-4, dated the 19th October 1905, the entertainment of 6 Probationary Inspectors on a Salary of R$.35 plus 10 each per mensem was sanctioned. In this office letter No.39, dated the 4th August 1905 it was reported that there were several Ranges which consisted of more than one Taluk and where the Excise work was too heavy for one Inspector. It was -- further stated that the result had been that the disposal of applica--tions for tree-tapping licenses was not prompt, the conservancy of groves was neglected, the inspection of Excise shops was not regular and that the investigation of cases was delayed. The remedy proposed for these defects was to give relief to the Inspectors of such Ranges by placing subject to his general control, a competent Deputy on --

R$.35/-

Rs.35 plus 10 in charge of one of the Taluks and investing him with power to issue tree-tapping licenses under section 12 and with -- powers under chapter VIII of the Excise Regulation. When in this office letter No.355, dated the 12th January 1906 the supply of the issues of the Mysore Gazette to the Probationary Ranges was requested the Government while according sanction, enquired why independent -- Ranges were formed when the original idea was only to attach the -- Probationary Inspectors to certain large Ranges to work under the Inspectors in charge thereof. In reply, it was reported in this office letter No.4911, dated the 30th June 1907, that the original idea of placing them under Inspectors had been adhered to, and that the Ranges were independent only so far as the Probationary Inspector in charge thereof had been invested with power to issue tree-tapping licenses under section 12, and with the powers under chapter VIII of the Excise Regulation.

2. When I took charge of the Department in July 1907 I did not find either the Probationary Ranges or their Inspectors in any way sub--ordinate to other Ranges or Inspectors. It is difficult to conceiv what other powers there are beyond those under section 12 and chapter VIII of the Excise Regulation, which can be delegated to an Excise Inspector and in respect which he can be made subordinate to other Inspectors with superior powers. As a matter of fact these Proba-

-tionary

Probationary Ranges and Inspectors, now as well as from the very - - beginning, have been as independent as other Ranges. The Probationary Inspectors have to inspect shops and Depots, examine the Sub-Range and Taluk Registers, issue licenses and permits, itinerate, investi--gate and prosecute cases, attend to the inspection and conservancy of groves, exercise supervision over the work of his subordinates and maintain his Range Excise Registers in exactly the same way as other Inspectors. There is absolutely no difference in the work turned out by and the responsibility devolving on a Probationary Inspector. The Probationary Inspector does as much work as an ordinary Inspector only in many cases the area in the case of the former is not so large as in that of the latter. But this does not absolve him from the necessity of maintaining a decent horse. His horse allowance has been fixed at R$.10/- per mensem and this amount is quite insufficient to feed and take caré of a decent animal. I, therefore, beg to propose that the horse allowance of these Probationary Inspectors may be brought on a level with that of the Inspectors and raised from R$.10/- to R$.20/- per mensem. The annual increase in cost on this account will be - - R$.720/- only.

3. When Probationary Inspectors were sanctioned their office - - establishment was neither considered nor sanctioned. But yet as - - already said every Probationary Range has a Range office and maintains

the

the same number of Registers as any other Range. Including the - - Probationary Ranges there are at present 49 Ranges but there are only 43 Sub-Inspectors on R$.12-1-15 employed as Office Sub-Inspectors To the remaining six Probationary Ranges six out of the 75 Sub-Inspec -tors on R$.12/- have been posted and these are now working in these Ranges as Office Sub-Inspectors but with the pay of executive Sub- -Inspectors. These officials working in the Probationary Ranges have to keep the same number of Registers and submit the same number of returns every month and as such their work is in no way less heavy or less onerous than that of the other office Sub-Inspectors. It is, therefore, but just that the Sub-Inspectors working in the Probation- -ary Range offices should be paid the same pay as their brother - - officials. I beg to recommend the raising of the pay of these six Sub-Inspectors, from R$.12/- per mensem to R$.12-1-15 per mensem. The average annual increase in cost will be about R$.160/-.

4. A proposition statement in duplicate is submitted through the Comptroller, Mysore Government.

I have the honor to be,

Sir,

Your most obedient servant,

Excise Commissioner.
